Dear Mr. Murray:

I want you to know that the board of directors is very happy with the progress of the restoration of the house at the Daniels Farmstead.

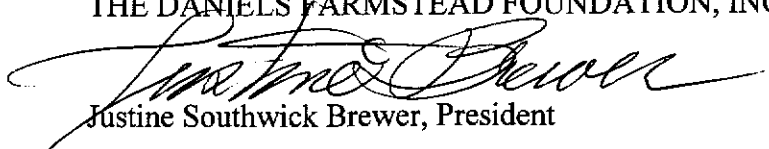

The scheduling process with our New England weather was well planned and we commend your team for working long hours and even on holidays. All workmen were courteous and accommodating. I was impressed with the quality of workmanship and, also, the ending clean up.

We all await the completion work when the weather allows.

Wishing you and yours a very Happy New Year.

Sincerely,

THE DANIELS FARMSTEAD FOUNDATION, INC.
