

ORCHARD HOUSE

Home of the Alcotts

December 20, 2009

To Whom It May Concern,

I am pleased to write you about my experience with Murray Brothers.

They not only met our expectations and demonstrated professionalism in every way, but they also went out of their way to work with our schedules and take extreme care of our delicate artifacts.

They stayed within their budget estimates and were always willing to work with our structural engineer to discuss ways to keep project costs down. Their attention to detail, “stick-to-it-iv-ness,” and ability to be there when we needed them, were refreshing and helped us immensely as we work to save this 320-year-old landmark.

Good works should be recognized, and I am happy to share my esteem for Murray Brothers with you.

Please do not hesitate to contact me, if you should have questions. My cell phone number is most direct: 508-320-4240.

Sincerely,

**Jan Turnquist
Executive Director**
